

# PLUS

## support your movement

AGNOPLAST'S **PLUS** adds adjustable 3D Movement to your chair with only one extra component

### **Innovativo accessorio per la seduta da ufficio**

Brevettato, sviluppato e prodotto interamente in Italia, il nostro dispositivo è progettato per essere facilmente montato su qualsiasi sedia da ufficio esistente.

Mira a migliorare significativamente il benessere e il confort durante la giornata lavorativa, in quanto:

- ✓ Previene il mal di schiena e riduce il rischio di ernia del disco
- ✓ Favorisce una postura di seduta rilassata e sana
- ✓ Stimola la circolazione sanguigna dei muscoli lombari
- ✓ Riduce la tensione spinale e rafforza i principali gruppi muscolari

**Accogliete il confort sul posto di lavoro perché il benessere inizia da come ci si siede.**

### **Innovative office seating accessory**

Patented, developed and manufactured entirely in Italy, our device is designed to be easily mounted onto any existing office chair.

It aims to significantly improve well-being and comfort throughout the working day by:

- ✓ Preventing back pain and reducing the risk of herniated discs
- ✓ Encouraging a relaxed, healthy sitting posture
- ✓ Stimulating blood circulation in the lower back muscles
- ✓ Reducing spinal strain and strengthening key muscle groups

**Entrance your workplace comfort because well-being starts with how you sit.**

# PLUS device con impugnatura un solo componente per 2 diversi confort di seduta

## PLUS device with handle
